# Introduction

This document has been prepared to provide a comprehensive guide to fees and charges for the 2024/25 Annual Plan.

## Legislative Framework

The Council derives its right to apply fees and charges in general from section 150 and section 12 of the Local Government Act (LGA) 2002. Other Acts which the Council administers, such as the Resource Management Act 1991, the Building Act 2004, the Dog Control Act 1996, the COVID-19 Recovery (Fast Track Consenting Act) 2020 and others, give all Territorial Authorities the right to prescribe fees and charges pertaining to the activity dealt with under that Act. In the following fees and charges schedules the empowering legislation is noted where the right to apply fees and charges is not derived from the LGA 2002.

Any situations for which no fee or charge has been prescribed but which involve costs to the Council, section 252 under the LGA 2002 also gives the Council the right to recover the reasonable costs incurred for works or services provided by the Council.

## Schedules

The following should be noted about the fees and charges schedules:

In some cases, the fees are defined by the relevant statute and are therefore not open for consultation or to change by the Council. These include:

- Infringement fees for parking, resource management and dog control offences
- Liquor licensing
- Amusement devices licensing
- Development contributions

Subdivision consent for additional lots, and any land use consent or permitted activity may include a condition requiring development contributions to ensure adequate and appropriate provision of infrastructure to service those new lots or activity. Contributions relate to roading network access, wastewater and stormwater disposal, rural drainage and water supply. These contributions relate solely to the Council's own infrastructure and not to infrastructure of other service providers who have their own charging regimes. For further information please refer to our Development Contributions Policy.

## Animal Control

All fees relating to Dog Control are set in accordance with the Dog Control Act 1996. The registration fee is set to recover costs associated with the administration of the dog register, response to service requests from the public, compliance monitoring and enforcement of the relevant provisions of the Dog Control Act 1996, the Waikato District Council Dog Control Bylaw 2022.

There are different registration classifications for dogs. Each dog registration classification has different fees. Those classifications are as follows:

- a) Approved owner
- b) General owner
- c) Selected owner
- d) Farm owner
- e) Dangerous dog
- f) Disability assist dog
- g) Neutered or spayed dog.

A full description of these classifications can be found in the Waikato District Council Dog Control Policy 2022 on our website: <https://www.waikatodistrict.govt.nz/your-council/plans-policies-and-bylaws/policies>

## Cat Traps

The Animal Welfare Act 1999 allows for the use of traps such as live catch traps (cage traps). These traps can be used for the control of feral cats. Cage traps are available for hire from the Council's Animal Control Unit.

A bond of \$100 is required and a refund of \$75 will be issued when the trap is returned within two weeks. If the trap is returned damaged there will be no refund.

Please note responsibility for disposal of trapped feral cats is on the householder leasing the trap. The Council has no facilities to dispose of these cats. The householder is required to adhere to the Animal Welfare Act 1999 and inspect the trap, or cause a competent person to inspect the trap, within 12 hours after sunrise on each day the trap remains set, beginning on the day immediately after the day on which the trap is set.

## Building Control

These fees are set in accordance with the Building Act 2004, the Fencing of Swimming Pools Act 1978, the Sale of Liquor Act 1989, and the Amusement Devices Regulations 1978. However, through the course of processing building consents there are some exceptions to this and they are outlined as follows:

- Where external or additional internal expertise is necessary for processing building consents, the charge for those services will be passed onto the applicant.
- Structural checking fees when undertaken by Council officers are charged at the officers' hourly charge-out rate.
- Fixed charges are payable on application. At the end of processing inspection fees and additional levies may be payable.
- The Council is required to collect fees on behalf of others:
  - Building Research Association Levy – for every building consent with an estimated value of \$20,000 and over:
    - \$1 per \$1,000 is payable (Note: GST is not applicable to this levy)
  - Ministry of Business, Innovation & Employment (MBIE - Building and Housing Levy) – for every building consent with an estimated value of \$65,000 and over:
    - \$1.75 per \$1,000 is payable (Note: GST is applicable to this levy).
- Building consents cancelled before the first inspection is conducted will be refunded only that part of the full charge for which processing work has not yet been carried out.

Where inspection fees apply the cost includes the building inspector's hourly charge out rate and corporate mileage.

## District Planning

Application for a private plan change to the District Plan.

A charge/s for a plan change will be made to recover the Council's actual costs to prepare a private plan change to the district plan including, but not limited to, the following matters:

- Administration costs including notification costs
- Research
- Technical advice
- Preparation of reports to meet the requirements of the Resource Management Act (RMA)
- Processing of the plan change in accordance with the First Schedule of the RMA
- Hearing administration and commissioner costs
- Legal costs.

A deposit is required prior to processing. Any charges above those covered by the deposit will be invoiced periodically.

## Other Matters

Where the plan change to which the charges relates has any of the following attributes:

- it involves a major change in policy
- it affects a wide geographical area
- it is likely to involve the Council in significant investigation or research
- has any other attribute that is likely to incur significant cost; the deposit may be increased up to a maximum of \$27,000.

## Resource Management

### Planning and Planning Information

These fees and charges are set by various sections of the Resource Management Act (RMA) 1991, the COVID-19 Recovery (Fast Track Consenting Act) 2020, Natural and Built Environment Act 2023, sections of the Local Government Act (LGA) 2002 and sections of the Sale and Supply of Alcohol Act 2012. In addition to the listed fee, charge or lodgement fee, all land use consent applications (except those for outline plans) incur a minimum monitoring charge.

#### Pre-application charges

The lodgement fee for pre application requests covers the provision of a meeting for up to one hour with a Planner and up to two technical experts (as deemed necessary by the Planner). Any additional time spent on your request is charged at an Officers' hourly charge out rate and includes but is not limited to administration, research, writing and distribution of meeting notes, and additional meetings.

#### Voluntary Conservation Covenants

The Council will meet the actual internal legal costs associated with conservation covenant document preparation where the conservation covenant is entered into on a voluntary basis; such costs will be met by the conservation fund.

#### Section 36, 36AAA and 36AAB of the Resource Management Act

The charges (set fees, lodgement fees and hourly rates) set out in this booklet are charges which meet the definition of a 'fixed charge' pursuant to Section 36, 36AAA and 36AAB of the RMA 1991 and are stated inclusive of GST, at the prevailing rate.

All 'fixed charges' are payable in full in advance. Pursuant to Section 36AAB of the RMA, the Council will not perform the action or commence processing the application to which the charge relates until it has been paid. Documentation or certificates will not be issued until payment of charges have been cleared. Unless stated as a set fee, all fees are lodgement fees and are subject to additional charges.

#### Additional charges

Where a lodgement fee is in any case inadequate to enable the Council to recover its actual and reasonable costs in respect of the matter concerned, the Council will require the applicant to pay an additional charge.

Additional charges do not apply to set fees. Where the additional charge is less than \$25 the Council will not require the applicant to pay the additional charge.

Additional charges may also be included in the following circumstances:

- If it is necessary for the services of a consultant to be engaged by the Council (including their attendance at any hearing or meeting) then the consultant's fees will be charged in full to the application as an additional charge
- If any legal fees are incurred by the Council in relation to legal advice obtained for any application, including fees incurred if the Council's solicitor is required to be present at any hearing, these fees will be charged in full to the applicant as an additional charge.
- If any commissioner hearing fees and associated costs are incurred in considering and determining a particular application these fees will be charged in full to the applicant as an additional charge.

## **Purpose**

The purpose of each set fee and lodgement fee and additional charge is to recover the actual and reasonable costs incurred by the Council in receiving and processing applications and in issuing decisions and monitoring performance of consent conditions.

## **Charge-out rates for Council Officers' and mileage**

Council staff charge-out rates are set out in this schedule on pages 43-46.

Mileage rates will be charged in accordance with the prevailing Inland revenue Department mileage rates at the time of invoice.

## **Additional fixed fees**

At any time after the receipt of an application and before a decision has been made, the Council may fix a fee pursuant to Section 36 and 36AAA of the RMA which is more than the fixed charge set out in this booklet.

In that event the Council may require that no further action will be taken in connection with the application until that fixed fee is paid in accordance with Section 36AAB of the RMA.

## **Legal Documents**

Where any legal document requires more than three hours work, an extra charge based on the solicitor's hourly charge out rate will be made over and above the set fee.

## **Lodgement Fees**

Any lodgement fees required under this schedule of fees and charges for any application for a resource consent or requirement for designation or heritage order may be increased up to the stated maximum of \$27,000, where the matter to which the charge relates has any of the following attributes for any other reason the Customer Support General Manager deems appropriate:

- A large development proposal; or
- the proposal is likely to involve significant potential adverse effects on the environment; or
- involves major policy issues; or
- is likely to involve the Council in significant research or investigation; or
- involves the notification of over 35 parties; or
- is a subdivision involving more than 10 lots.

The Consents Manager shall have the right to reduce lodgement fees to the level of expected costs in circumstances where he or she considers this appropriate.

The Consents Manager shall have the right to vary lodgement fees and final charges for heritage order requests if, in his or her opinion, some of the benefits are to the whole community.

Where an application involves both a land use and subdivision consent, and is to be notified, then only one lodgement fee for a notified application may be required.

## **Refund of charges**

Pursuant to Section 36AAB of the RMA, the Council will remit the whole or part of the charges listed in this schedule where the lodgement fee paid is greater than the costs incurred by the Council in processing the application. Any refund due will be paid after the Council has assessed the final costs of processing the application. Where the refund is less than \$25 no refund will be given.

## **Planning Charges**

Note: All charges are lodgement fees unless stated as a set fee.

## Alcohol Licensing

The Sale and Supply of Alcohol (Fees) Regulations 2013 prescribe the fees payable for applications and services under the Sale and Supply of Alcohol Act 2012. The regulations provide for application and annual fees for on, off and club licences and define a fees framework for determining the fees categories for premises using a defined cost/risk rating system. The regulations provide for Council to make a bylaw to set its own fees payable within the framework specified and therefore the specified fees are subject to change should the Council determine to make a bylaw. An amount is paid to the Alcohol Regulatory and Licensing Authority (ARLA) from the fees for on, off, club licences and managers' certificates.

# Water Supply

## Reticulation

### Connection fees

A connection fee applies to all water supply schemes where work is required to connect the property to a Council service. All connections must be installed in accordance with the Regional Infrastructure Technical Specification.

The term 'at cost' means the property owner or developer is liable for the total cost of constructing the connection to the Council main and is also responsible for the physical work in providing the connection.

All connections must be referred to the Council for approval to connect. Non-standard type connections such as industrial and commercial should be referred to the Council for an estimate of cost. All fees are for standard residential urban or rural water supply connections as detailed in the Regional Infrastructure Technical Specification.

A backflow preventer is mandatory for all new connections and is included in the cost of the connection. Non-standard and commercial connections are charged at cost.

Additional independent dwelling units may require separate water connections, and appropriate connection costs and development contributions will be incurred. For more detail refer to the Council's Development Contributions Policy.

### Disconnection fees

When a house is demolished or removed from a site, Council staff are required to disconnect the water supply at the Council watermain. The costs of disconnection and final water meter reading, if required, will be charged.

Rural consumers may at any time wish to disconnect from a reticulated water scheme. A fee is charged to recover the costs of disconnecting the supply and physically removing the connection. The ownership of removed materials remains with the Council. Normal connection fees will apply should the property owner wish to reconnect to the water supply scheme later.

### Final water meter reading

A property owner or agent can request a final meter reading to be carried out, the Council will charge a one-off fee for this request. A minimum of 10 working days' notice is required when making the request.

### Service connection and authorisation fee

These fees recover the costs of connections to infrastructure from those undertaking development in Pookeno and Tuakau.

### Water drawn from tanker filling stations

Registered tanker water suppliers with a current permit are able to draw water from Council dedicated water tanker filling stations, on payment of an annual fee and registration completed with Council or Watercare. Suppliers will be charged on the amount of water drawn from the filling station. The use of standpipes and hydrants is prohibited.

## Wastewater

### Reticulation Connection

#### Fees

The term 'at cost' means the property owner or developer is liable for the total cost of constructing the connection to the Council main and is also responsible for the physical work in providing the connection. It is expected that the client's contractor will complete the connection to the service at the time that site works are carried out and will charge the client directly. The work must be done to the Council's standards, as specified in the Regional Infrastructure Technical Specification and will be inspected as part of the subdivision or building consent inspection. Additional connections may require development contributions or capital contribution fee.

#### Disconnection fees

When a building is demolished or removed from a serviced site then a disconnection fee shall be payable to the Council for the existing wastewater connection to be capped and the utilities information recorded on the Council's 'as-built' plans.

#### Service connection and authorisation fee

These fees recover the costs of connections to infrastructure from those undertaking development in Pookeno and Tuakau.

## Request for Official or Personal Information

The Local Government Official Information and Meetings Act 1987 (LGOIMA) requires the Council to make available certain public or personal information which it holds.

The Act also makes provision for the Council to make a charge for the information supplied but this charge must be reasonable and is for the cost of labour and materials involved in making the information available. If the request expresses urgency the Council may have to use additional resources to gather the information promptly and the Act permits the Council to charge for these extra resources.

If the charges to gather the information requested are likely to be substantial, the Council will advise the applicant of the likely charges before it commences processing the request and will give the applicant the opportunity to decide whether to proceed with the request. In such cases the Council may also require that the whole or part of any charge be paid in advance before commencing to process the request.

Charges are made by the Council on the following basis.

1. Any request by a person wishing to view information on any files held by Council and requires the presence of an officer during the viewing will incur a charge at the Officers' hourly rate for the first half hour and the Officers' hourly rate for each half hour thereafter.
2. The first half hour spent in processing the LGOIMA application will be free of charge but a charge of \$38.00 will be made for each additional half hour or part thereof.
3. All other charges incurred will be at actual cost involved. The cost includes:
  - Producing a document using a computer or other like equipment.
  - Reproducing a film, video, or audio recording.
  - Arranging for the applicant to hear or view an audio or visual recording.
  - Providing a copy of any map, plan, or other document larger than A4 size.
4. If the time taken to process the information and/or the number of copies supplied is only a small margin over the 'free' allowance, the Council may use its discretion as to whether any charge should be made.
5. Where repeated requests are made by the same applicant in respect of a common subject the Council will aggregate these requests for charging purposes. This means that the second and subsequent requests will not be subject to half an hour of free time and 20 free standard A4 photocopies.
6. The Council is not permitted to charge for:
  - Locating and retrieving information which is not where it ought to be.
  - Time spent deciding whether access should be allowed, and in what form.
7. A deposit will be required where the charge is likely to exceed \$90.00 or where some assurance of payment is required to avoid waste of resources.

8. A record will be kept of any costs incurred. Wherever a liability to pay is incurred the applicant will be notified of the method of calculating the charge and this notification placed on the file.

'Personal' information does not include rating records, resource consents, building consent applications, or any information pertaining to property, which is public information.
